## Summer Success

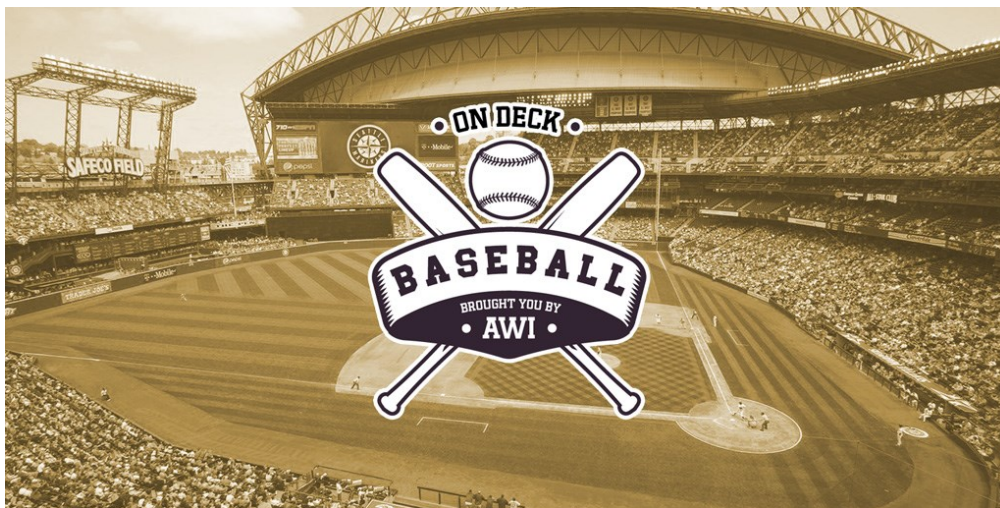

Summer time in the sound has brought on the busy season in the commercial and residential sectors. Shops have been their busiest in years, hiring has been on the rise and the cranes continue to reach for the sky. While competition between shops will always remain, the end of Q1 and most of Q2 saw much outreach between chapter members. Teaming up to on jobs, sharing resources and continuing to build the brand that is the woodwork-ing industry in the great Northwest.

We would like to tip a hat to all of the manufacturing members, associate mem-bers, suppliers and students on their suc-cess as well as extend a sincere thank you to everyone for the continued growth and support of the AWI Washington Chapter.

–David Parrish  
AWI Washington Chapter President

## On Deck

This past May 5th was one for the books for the Chapter. This was our first annual "On Deck" event at Safeco field, where manufacturing members showcased their portfolios to local General Contractors from the area, all while watching a ball game, enjoying some great food and cold beverages. Attendance for this first annual event was phenomenal. Seventy-two people in all attended the event, twenty-four of which were from the GC community. Check out photos on the next page. Also, check out the YouTube video of the event. <https://youtu.be/SprAH86hUz4>
